# **BIGGEST Shorthorn and Polled Shorthorn Sale in the History of the Breed in the South...**

**THIS IS THE SALE THE SOUTH HAS NEEDED.**

For years, Southern cattlemen have said, "We want to buy Shorthorn and Polled Shorthorn bulls, but you never sell enough of them in one time and place so we can fill up a truckload with what we need at what we want to pay."

Well, here they are ... over 60 bulls. The largest number this breed has ever sold in one sale in the Southeast. Twice the number we sold in Thomaston last spring ... three times the number offered at Camilla last fall.

Best of all, these are bulls of strong age. Never have we been able to gather so many bulls that are ready to turn loose. Fifty-six of the bulls are over 18 months. Of these, 21 are two-year-olds and over, 21 from twenty to twenty-four months, 14 from eighteen to twenty months.

What about the quality? We started with over eighty bulls nominated. After that, a letter went forward to all consignors warning them that competition would be stiff, that they had better drop out their in-between kinds ... and their short-aged bulls, unless they were of exceptional quality. The result was that about 25 bulls dropped by the wayside.

The consignors knew, too, that 10 bulls would be eliminated the day before the sale. Since no one wants to fall in the eliminated group, you can be sure the best bulls on the farms of these consignors are headed for this sale.

It's fun to travel to buy your herd bull. There's a bit of glamour connected with bringing one home a thousand miles. However, the breeders in the Southeast who will be in need of a herd sire in the next six months will do well to look right in their own backyard. There will be few sales anywhere in North America that will carry such a bull selection and such potent breeding. In this sale we have sons of such bulls as Bapton Constructor, Kinellar Napoleon, Calrossie

Armada, Calrossie Ocean Wave, Creekland Lancer x, to mention just a few. The top bulls out of this sale will be held in high regard everywhere.

Just a word about the females. There are 118 lots of them. There will be females that can take their places among the great herds of this breed. There will be numbers to assure any buyer that he will fill his needs, no matter what they are.

The purpose of this sale - of this association - is breed expansion, and we believe this is the method of doing it.

Why are the entries so large? A lot has been said about the expansion of the breed in the Southeast. Since this Association was formed in 1947, every year has seen a number of strong, new herds getting started. It is just now that these herds are coming into focus as consignors. Another thing is that this is the oldest sale in the Southeast in point of continued existence. It is an active, aggressive association. It is only natural that breeders think of it first when making their selling plans.

Remember, too, you will be welcomed as a seller in this Association, as well as a buyer. Our growth plans call for the establishment of many new sales, as strong as this, in the many locations throughout the Southeast where they are needed.

There will be many bargains in this sale. You can't sell this many cattle and not have a lot of bargains. The consignors realize this, but it is the over-all picture of developing the market that we keep in view.

We expect to follow the same selling schedule, with the same crew that worked the White Plains sale in South Carolina last spring. Here, 156 lots were sold starting at 10:30 a.m., and finishing at 4:30 p.m. Please keep the early starting hour of 10:30 a.m. in mind. Bulls will be sold first, then the show and sale females, followed by the females in the "Off Grass" division.

Grand and reserve grand champion females, 1958 Fall South-eastern Regional, Camilla.

Left, Oliver Healy, Foxdale Farms, Duluth, Georgia, with Foxdale Highland Palm.

Right, J. L. Adams, L & L Farm, Dothan, Alabama, with L L Conquest Butterfly 2nd.

## General Information

**LOCATION** — The sale will be held at the Mitchell County Livestock Company, Camilla, Georgia. Camilla is 27 miles south of Albany, 45 miles north of the Florida line, 52 miles east of the Alabama line.

**TIME** — October 22-23, 1959. On Thursday, October 22, elimination of bottom 15% of the bulls at 2:00 p.m., judging of female classes at 3:00 p.m. On Friday, October 23, judging of bull classes at 8:30 a.m., sale at 10:30 a.m.

**TERMS** — The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchaser.

**HEALTH** — All cattle have been tested for T.B. and Bang's within 30 days of the date of this sale. Many of the cattle have been calfood vaccinated for Bangs. Interstate health papers, according to the laws of Georgia, will be provided to out-of-state buyers. Many of the cattle come from herds Federally Accredited for T.B. and Bangs.

**GUARANTEE** — The cattle are being sold under the standard guarantee of the American Shorthorn Breeders' Association.

**SALE HEADQUARTERS** — The Azalea Motor Court, one mile south of Camilla. We have reserved a large block of their rooms, but to assure yourself of having one we urge you to write them immediately and mention that you are coming to attend this sale.

**LIABILITY** — Although every precaution will be exercised to protect the safety and comfort of the guests of this show and sale, neither this association, its auctioneers, clerks, nor the sale manager can assume any liability. Every person attending does so at his own risk. The sale manager was retained by the Southeastern Shorthorn Breeders' Ass'n for the specific purpose of compiling the sale offering, handling the advertising and publicity, preparing the catalog and disbursing the receipts, and has no connection with the handling of the cattle or the condition of the premises.

**AUCTIONEERS** — C. D. Swaffar, Tulsa, Oklahoma; Don Smock, Indianapolis, Ind.; Ray Brockinton, Macon, Ga.

**REPRESENTATIVES** — R. G. Heine, Southeastern Representative, American Shorthorn Ass'n, R. 4, Box 1003, Gainesville, Fla.; Don Longley, The Shorthorn World, 16 So. Locust St., Aurora, Ill.; Scott Wilson, Livestock Breeder-Journal, Macon, Ga.; W. Tap Bennett, Central of Georgia Railway, Agricultural Dept., Savannah, Ga.; C. D. Swaffar, Auctioneer, 1111 So. Pittsburgh, Tulsa, Okla.; Ray Brockinton, Auctioneer, Georgia Livestock Terminal Market, Macon, Ga. Mail bids may be sent to any of the above, if you cannot attend the sale personally, or to any of the officers or members of the Southeastern Regional Shorthorn Breeders' Association.

**TRANSPORTATION** — Good truckers at reasonable rates are available locally. Should you wish to leave your cattle for a reasonable period after the sale, in order to have a truck sent from your home, arrangements can be made to care for them.

**DON LONGLEY**, Sale Mgr., 16 So. Locust St., Aurora, Illinois

**Committee in Charge of Local Arrangements**  
Chairman, A. T. Rigsby, Sale City, Georgia

We wish to take this opportunity to thank the people of Camilla, Georgia, who cooperate with us so wholeheartedly. In particular we would like to mention E. B. and John Beasley, Mitchell County Livestock Company; the Chamber of Commerce; B. T. Burson of the Camilla Enterprise, and the Citizens and Planters Bank of Camilla.

### FLORIDA BUYERS – PLEASE NOTE

Health rules for entry into Florida require that cattle either be vaccinated for Bangs or come from a herd federally accredited for Bangs. Most of the cattle in this sale will qualify, but not all of them. A list will be posted for the benefit of Florida buyers. To our knowledge, all of the cattle in this sale will qualify for entry into other states.

LEVELDALE CHARIOTEER - We purchased this bull for \$2250 in the 1956 Mathers sale. Believe it was one of the best purchases anyone made that year. He is a bull of good type with lots of scale, bone and character. He weighed 1200 pounds at seventeen months of age when we purchased him. His calves made a tremendous impression on the crowd at last spring's Southeastern Regional sale when we sold a group of cows with his calves at foot. They were all good headed, heavy boned, thick and wide topped. His dam is probably the most famous cow in the Mathers herd, being the dam of Leveldale Contract, Leveldale Classic and the \$8250 International Reserve Junior Champion, Leveldale News Flash. Only because we are going out of business are we selling such a sire. We are confident he will do a great job for his new owner as he has for us.

EAGLE FARMS MANDATE -- We are selling this bull to avoid line-breding, as his dam and many of his daughters are staying in the herd. He is a son of Brown-Forman Mandate, owned by Brown-Forman Experimental Farm, and his dam is a large, roomy cow and an excellent milker. He is easy fleshing and stays in excellent condition while running with the herd. He is a commercial man's bull, for his steer calves have been good gainers in the feed lot. Bangs certified herd. T. B. tested.

## 15% OF THE BULLS IN THIS SALE WILL BE ELIMINATED

Regardless of how good they may be, a rule of the Southeastern Regional states that 15% of the bulls must be eliminated from the sale. This keeps the consignors on the ball . . . sending their very best . . . for no one likes to fall in the eliminated group. It also gives us a chance to throw out any bulls that may be unsound for hard range duty because of their feet, legs, hocks, or testicles. This provides the buyer the maximum of protection. The elimination will be held the afternoon before the sale and will be done by the official judge of the event, Dr. R. A. Long, Head, Animal Husbandry Department, University of Georgia.

**THIS IS THE SALE****THE SOUTH HAS BEEN WAITING FOR . . .**

Any sound increase in the growth of a breed in an area does not take place overnight. Since the establishment of the Southeastern Regional Association in 1948, each new year has seen strong new herds develop. Many of these breeders have traveled far and wide in laying the proper foundations for their herds. It is only now that we are beginning to reap the benefits, so that these cattle can come forward and be a part of the Southeastern sale. That is why each Southeastern has grown larger and stronger ... and why this fall's event is the biggest ever!

Guaranteed safe in calf to Acadia Highland Jubilee x, full brother to the 1959 Polled Congress Champion. Bangs Certified Herd No. 626. T. B. Certified No. 88.

## WHAT WILL BE THE RESULT OF THIS SALE?

The semi-annual sales of the Southeastern Regional Association started with about fifty head of cattle. They gradually grew to 80 or 90 lots. In one season the size of this offering has doubled. We realize with this many cattle selling there will be bargains ... but we also believe, looking at the long term, sales like this will attract bull and female buyers who want to buy numbers. This sale is a breed-building project ... not just a one-shot attempt to sell cattle. It is another step toward putting Shorthorns and Polled Shorthorns in the proper place of leadership.

#### THE SOUTHEASTERN REGIONAL SHORTHORN BREEDERS' ASSOCIATION

From a modest beginning ten years ago, the Southeastern Regional has grown into a potent force in Southeastern livestock circles. Because we are now rolling, with numbers of cattle and breeders, the growth during its second ten years will be even more impressive.

Join this aggressive association. The annual dues are nominal. You can do so by contacting any of the officers or any of the consignors to this sale.

THE DEMAND IS HERE. Many more SHORTHORN and POLLLED SHORTHORN production and consignment sales are needed . . . and are included in our future growth plans -- YOU WILL BE WELCOMED AS A PART OF THIS GROUP.

### Southeastern Regional Shorthorn Breeders' Ass'n

**WE HAVE JUST BEGUN TO SCRATCH THE SURFACE  
OF OUR BREED'S POTENTIAL IN THE SOUTHEAST**

Shorthorns are the world's most useful breed of beef cattle .... the most numerous breed on a world-wide basis. Although the Southeastern Regional has grown large and strong .... it is still held only twice a year .... it can still serve only two sale locations a year. The next move will be not only to further strengthen these two sales, but to start or help other organizations start strong new sales in other locations in the Southeast. There are scores of locations that need Shorthorn and Polled Shorthorn sales. Establish a registered herd through purchasing in this sale. Profit from the growth this great breed will enjoy during the years ahead.

OAKWOOD CLARA D x - We always like to have a "stem winder" for every Southeastern sale, so we decided to part with this good daughter of Commander-in-Chief x. She sold originally in the Oakwood sale in 1956 for \$2,900. Her son M L Lancer was purchased in the Myrtle Lake Dispersion by Oakwood Stock Farm. She is a full sister to Archwood Sporting Chief that sold for a record price for a six-week-old calf. We would not consider parting with this cow, except that we are keeping a beautiful daughter by Oakwood Conquest that is a full sister to the calf she is carrying. Guaranteed safe in calf to Acadia Highland Jubilee x. Bangs Certified Herd No. 626. T. B. Certified No. 88.

BOLL WEEVIL POO x -- This nice, growthy heifer will make someone a fine, big brood cow. She is by White Plains Developer, a son of that good sire Louada Developer and a half brother to Creekland Lancer. White Plains Developer seems to pass on to his calves amazing growth potential combined with good, strong bone and a definite tendency toward polled animals. This heifer is calfhood vaccinated.

# SOUTHEASTERN REGIONAL SHORTHORN BREEDERS' SHOW & SALE

**LEVELDALE CASTLE GUARD.** (Calfhood photograph) Purchased for \$3,000 in the 1955 Leveldale sale by James McLean, Black Belt Farms, Montgomery, Alabama. He is a full brother to the famed Leveldale Critic, 1955 International grand champion, and chief herd sire in the Mathers herd. Lots 140 and 142 are the first two daughters McLean has offered for sale.

BLACK BELT LADY VENUS 4th x -- A nice polled female from our oldest family. One of the first daughters of Leveldale Castle Guard offered for sale. Calfhood vaccinated for Bangs.

## THE "OFF-GRASS" DIVISION OF THIS SALE

**S**horthorn and Polled Shorthorn bulls have enjoyed an excellent trade from cattlemen who own females of other breeds. That is because the Shorthorn has always been the key improver in any cross-breeding program . . . because cattlemen want to breed into their herds the basic features inherent in Shorthorns . . . weight for age, faster gaining ability, more milk in the beef cow, resistance to pink-eye and other heritable diseases.

However, we have been approaching the expansion of the Shorthorn bull market in the Southeast along two lines, simultaneously. In addition to an ever widening market for Shorthorn bulls, through cross-breeding, we have been steadily increasing the need for Shorthorn and Polled Shorthorn bulls in purebred and commercial herds that are straight Shorthorn bred, doing this by increasing the number of females offered through this sale.

The "Off Grass" section has been highly popular with buyers. Cattlemen recognize that it is neither practical nor profitable to fit and halter-break every good female that is for sale. It would be foolish, then, to rule out of this sale the many good quality, well bred, sound females that are in pasture condition.

The "Off Grass" females do not show. This division of the sale begins immediately following the sale of the last female in the show and sale.

The first 15 lots are the consignment of W. H. Saunders, Jr., Lloyd, Fla., who has sold his farm, and has selected this sale as the means of selling a big share of his top brood cows. He would have sold them all in this one event, but time limitations for satisfactory selling in one day's period would not permit the inclusion of his entire group.

Many commercial cattlemen recognize the value of owning females of registered background. This sale of 118 female lots will provide ample opportunity for the buyer who wants to own good cattle, yet not invest more than is practical if he elects not to record the calves.
